

## **RIGID & RETRACTABLE PENDANTS**

### **Description**

**Rigid and Retractable pendants are intended to distribute medical gases, AGSS and electrical services to the operating table/anaesthetic machine whilst leaving the surrounding area free from trailing hoses and cables.**

**Retractable Pendants are ceiling mounted, height adjustable columns complete with first fix plate and ceiling shroud, with an epoxy powder coated finish. The height to the underside of the pendant can be adjusted throughout a 300mm predetermined range.**

**Rigid Pendants are ceiling mounted fixed columns complete with first fix plate and ceiling shroud, with an epoxy powder coated finish.**

**A maximum of 9 medical gas and AGSS terminal units, complete with hose assemblies, can be accommodated within each pendant.**

**Each pendant can accommodate a maximum of 8 electrical sockets.**

**Other specialist outlets such as data sockets, equipotential sockets, etc. can be incorporated into the pendant as required.**

### **Designed to meet the requirements of;**

- **HTM 2022**                      **Medical Gas Pipeline Systems.**
- **C11**                                **NHS Model Engineering Specification – Medical Gases.**
- **BS EN 737-3**                    **Pipelines for compressed medical gases and vacuum.**
